It will feature a massive, 35,000 square foot wave pool capable of generating waves up to 6 feet high; a winding wave river spanning an area of 24,000 square feet; and a heavily-themed and exciting kids' play-and-spray feature with multiple slides for both the tame and the daring. There will also be a kid-friendly activity pool with smaller versions of the other towering slides found throughout the park; an adventure pool with a

WIBIT water obstacle course; a flat-water cabana pool for relaxing poolside; a double FlowRider for the surfer in all of us; and four large slide complexes that will provide thrills and excitement all day long.

Slides will include a one-of-a-kind water coaster; a family ride tower with two five-person raft rides; a tubing tower with five flumes all featuring unique and thrilling one or two-person tubing experiences; two high-intensity body slides; and a four-lane, head-first mat racing challenge to satisfy everyone's racing desires.
